Affidavit

REPUBLIC OF THE PHILIPPINES)Quezon City) S.S.

AFFIDAVIT

(Eyewitness to a Vehicle Collision)

I, **Juana M. Dela Cruz** (the "Affiant"), of legal age, 34 years old, Filipino, single, pharmacist by profession, and residing at No. 12 Sampaguita Street, Barangay Uno, Quezon City,

after having been duly sworn in accordance with law, hereby depose and state:

1. I am the Affiant named above. I am of sound mind, I read and understand English, and I make this affidavit freely.
2. I state in this affidavit only what I myself saw, heard and did. Where I mention what another person told me, I say so and I name that person. I do not state those words as facts that I know.
3. I am not related by blood or by marriage to Rosa T. Halimbawa or to Pedro S. Halimbawa. I do not work for either of them. I have no claim against either of them and no interest in the result of any claim arising from the events below.
4. I am willing to repeat these statements under oath before any office, tribunal or court that requires my testimony.
5. On 14 November 2026, at about 7:40 a.m., I was standing at the jeepney waiting shed on the north-east corner of Sampaguita Street and Ilang-Ilang Avenue, Barangay Uno, Quezon City (the "Intersection"). I was on my way to work at the pharmacy where I am employed. The weather was clear and the road was dry.
6. From the waiting shed I had a clear view of the whole Intersection. Nothing blocked my view. I was about ten metres from the centre of the Intersection.
7. I saw a white sedan with plate number XYZ 0000 (the "Sedan") stop at the Intersection on Sampaguita Street. The traffic light facing the Sedan was red. I know the colour of the light because I was looking at it while I waited to cross.
8. While the Sedan was stopped, I saw a grey pick-up truck with plate number XYZ 0001 (the "Truck") approach from behind it. The Truck did not slow down. I heard a loud crash and saw the front of the Truck hit the rear of the Sedan. The impact pushed the Sedan about two metres forward into the pedestrian lane. No pedestrian was in the lane at that moment.
9. I walked to the two vehicles right away. I saw that the rear bumper and the trunk lid of the Sedan were dented and that its left rear light was broken. I saw that the front grille of the Truck was cracked.
10. A man stepped out of the Sedan. He told me his name was Pedro S. Halimbawa and that he owned the Sedan. A woman stepped out of the Truck. She told me her name was Rosa T. Halimbawa. I heard her say to Pedro S. Halimbawa: "I am sorry, I was looking at my phone." I record these words as I heard them. I did not see what she was doing inside the Truck before the crash.
11. At about 7:50 a.m., I took four photographs of the two vehicles with my mobile phone. Two show the rear of the Sedan, one shows the front of the Truck and one shows both vehicles and the

traffic light. The photographs show the scene as I saw it at that time. I have not edited them.

12. At about 8:05 a.m., two officers of the barangay arrived. I gave them my name and my mobile number. I stayed at the Intersection until about 8:30 a.m. and then went to work.

13. On 20 November 2026, Pedro S. Halimbawa sent me a text message. He asked me if I would give a statement about what I saw. I agreed. He did not offer me anything for this affidavit, and I have received nothing from him or from any other person.

14. I attach to this affidavit the following documents. I have signed each one on its first page.

Annex "A": Prints of the four photographs described in paragraph 11, with the date and time shown by my phone written on the back of each print.

Annex "B": A screenshot of the text message described in paragraph 13.

15. I keep the original photographs on my mobile phone. I will produce the phone, or copies of the files, if an office or a court asks for them.

16. I execute this affidavit to attest to the truth of the facts above, and for submission to Northwind Insurance Corporation in support of Claim No. SAMPLE-2026-0001 filed by Pedro S. Halimbawa, and for any other lawful purpose for which it may be required.

17. I understand that Northwind Insurance Corporation and any other office that receives this affidavit may rely on it. I also understand that, if the matter goes to court, I may be called to testify in person on the statements in this affidavit.

18. I have read this affidavit before signing it. Its contents are true and correct of my own personal knowledge, except where I state otherwise in paragraph 10.

19. I make this affidavit voluntarily. No one forced, threatened or paid me to sign it, and no one promised me anything in return.

20. I know that I make this affidavit under oath. I know that a person who knowingly makes untruthful statements in an affidavit on a material matter, before an officer authorized to administer oaths, may be liable for perjury under Article 183 of the Revised Penal Code, as amended by Republic Act No. 11594.

IN WITNESS WHEREOF, I have signed this affidavit this 3rd day of December 2026, in Quezon City, Philippines.

1. Note on use

Note on use (delete this note before signing).

Before the notary. Bring this affidavit unsigned, all annexes and one current government ID with your photograph and signature, such as a PhilID, passport or driver's license. A community tax certificate (cedula) alone will not do. If you have no such ID, bring one credible witness whom the notary personally knows and who personally knows you, or two credible witnesses. Sign every copy in front of the notary. A printed or scanned signature will not do. Do not use a notary who is your spouse, common-law partner or relative within the fourth civil degree. Check that the notary fills in every line of the jurat and the notary details, including your ID details.

Other officers. Judges, clerks of court, registers of deeds, governors, mayors and certain other officials may also administer oaths. Except for notaries, municipal judges and clerks of court, these officers need to do so only on official business, and, other than notaries, they charge no fee unless a law allows one.

Complaint-affidavit for a criminal case. If the affidavit supports a criminal complaint for preliminary investigation, swear to it before a prosecutor or a government official authorized to administer oaths. Use a notary only if none of them is available. Since July 2024, preliminary investigations by DOJ prosecutors follow the 2024 DOJ-NPS Rules (Department Circular No. 015, series of 2024), and the parts of Rule 112 of the Rules of Criminal Procedure that conflict with them are deemed repealed. Ask the prosecutor's office which jurat or certification it requires.

Testimony in a court case. A witness in a pending court case gives direct testimony through a judicial affidavit in question-and-answer form, not through this format. It must state the witness's name, age, address and occupation, the name and address of the examining lawyer and the place of examination, and a statement that the witness answers under oath and may face liability for false testimony or perjury. It ends with the witness's signature over the printed name and a jurat, and it is filed and served at least five days before the pre-trial, preliminary conference or hearing. The court will not admit a judicial affidavit that lacks the required contents and the lawyer's attestation.

Electronic notarization. This paper affidavit, signed by hand, is notarized under the 2004 Rules on Notarial Practice. An electronic affidavit follows the Rules on Electronic Notarization (A.M. No. 24-10-14-SC): the principal signs with an electronic signature in full view of the electronic notary public and takes an oath before that notary. The 2020 Interim Rules on Remote Notarization of Paper Documents no longer apply.
